

# Semi-Automatic Round Bottle Label Applicator Machine T-41311

41311 is especially well-suited for small-batch labeling of pharmaceuticals, cosmetics, and nutraceuticals.

Take a closer look at the T-41311—you'll see why it's a favorite for small-batch labeling. This semi-automatic labeling machine is a versatile desktop label applicator for round bottles. Unlike similar machines, the T-41311 is capable of applying either a single label or two labels at a time. All you need to do is switch the function via a user-friendly touch screen panel. Additionally, this label applicator is equipped with an emergency stop button for machine protection and operator safety. And with the printer built right in, you can apply labels and print batch codes in one smooth pass. The T-

## Features

- ✓ **Precision Label Feed:** Equipped with a high-sensitivity sensor for accurate label feeding.
- ✓ **Flexible Label Applications:** Applies single or dual labels to the same bottle.
- ✓ **Smart Touchscreen Control:** Intuitive HMI panel allows you to switch modes and functions.
- ✓ **Built-in Hot Stamp Printer:** Allows printing production info onto labels.
- ✓ **Speed Adjustment Dial:** Fine-tunes labeling speed according to the container.
- ✓ **Durable Drive Components:** Boasts a compact but powerful motor with belt-driven rollers.
- ✓ **Foot Pedal Activation:** Offers hands-free control for labeling.
- ✓ **Emergency Stop Button:** Prominently placed for quick access in case of jam or misfeed.

## Technical Parameters

Model	T-41311
<b>Labeling Speed</b>	10-30 pieces/minute (varies with product, label size, and operation)
<b>Product Size</b>	Diameter $\Phi 15\text{-}\Phi 150$ mm
<b>Label Size</b>	Width 10-180 mm, Length 15-376 mm
<b>Product Height</b>	5 mm – 80 mm
<b>Accuracy</b>	$\pm 0.5$ mm (excluding product and label errors)
<b>Voltage</b>	220V 50/60Hz
<b>Dimensions</b>	920 x 420 x 500 mm
<b>Weight</b>	35 kg
